

Onction — GenCo, DisCo & Offtaker Capacity, Address & Coordinates

Source: 30 June 2026 board deck, updated with management corrections (19 Aug 2026) and figures drawn from executed/draft PPAs (MESL–Onction–IBEDC; Onction–KEDCO; Onction–JED Plc; Onction–Kasi Cloud term sheet) as at 19 Aug 2026.

Green rows are new items or additional capacity added from this update. **Amber rows** are items where the address/coordinates could not be confirmed from public sources and need verification by the project team.

1. GenCo Engagements & Capacity

GenCo	Capacity	Rate / ToP	Plant Address / Location	Coordinates	Source / Notes
Mainstream (existing — JEDCO supply)	18 MW	₦75.00/kWh	Kainji & Jebba Hydro Power Plants, Niger State (Seller: Mainstream Energy Solutions Ltd — MESL; registered office 6 Yedseram Street, off IBB Way, Maitama, Abuja FCT)	9.1367° N, 4.7878° E (Jebba)	MESL holds the BPE concession over Kainji Hydro Electric PLC and generates from the Kainji & Jebba plants (per MESL–Onction PPA recitals).
Mainstream (MESL–IBEDC Take-or-Pay) — additional capacity	85 MW	NBET–MESL MYTO tariff (TCN/NERC charges excluded)	Kainji & Jebba Hydro Power Plants, Niger State — delivered to IBEDC across 31+ feeders spanning Ogun, Osun, Oyo & Kwara	9.1367° N, 4.7878° E (Jebba)	New draft PPA (Aug 2026): MESL (Seller) → Onction (Buyer, on behalf of IBEDC). Contracted Capacity 85 MW — separate from the existing 18 MW JEDCO supply.
Mabon	40 MW	₦77.00/kWh	Dadin Kowa Hydropower Station, Dadin Kowa, Yamaltu-Deba LGA, Gombe State	10.3218° N, 11.4809° E	—
NDPHC Geregu	100 MW	₦91.50/kWh (₦82.4 after 10% discount)	Geregu Power Plant, Ajaokuta, Kogi State	7.4697° N, 6.6591° E	—
NNPC Okpai	250 MW	₦73.00/kWh	Okpai Power Plant (Okpai I, 480 MW installed), Okpai, Ndokwa West LGA, Delta State	5.7235° N, 6.6021° E	Generator: Oando Energy Resources Nigeria Ltd, operator of the NEPL/Oando JV at Okpai I. Also underpins the new 100 MW Onction–KEDCO supply (see DisCo table).
Tetracore (new IPP)	20 MW (ToP 8–10 MW)	TBC	Atakobo Industrial Park / IPP, Atakobo, Ogun East LGA, Ogun State	6.76271° N, 4.12864° E	Newly added IPP engagement — 19 Aug 2026 update. LGA and coordinates confirmed by management.
Voltworx Electric Ltd (new IPP — embedded gen.)	23 MW (ToP 23 MW)	Tariff not yet agreed — blank in draft PPA	42 Lome Crescent, Wuse Zone 7, Abuja FCT — gas-fired thermal embedded generation facility (Seller's registered office is the plant site)	≈9.0670° N, 7.4740° E (Wuse Zone 7, locality-level)	Early-stage draft PPA (undated, unsigned): Onction (Buyer) / Voltworx Electric Ltd (Seller). Installed = Contract = ToP Capacity, all 23 MW. Distribution Network Operator confirmed by management as KEDCO — intentional (output wheeled to KEDCO's network notwithstanding the Abuja plant site). Delivery point, tariff, escalation formula and target COD are all still blank placeholders in the document.

Mainstream now shown individually across two lines: the existing 18 MW JEDCO-linked supply, and a new, separate 85 MW Take-or-Pay engagement with IBEDC under the draft MESL–Onction PPA (Aug 2026), both sourced from MESL's Kainji & Jebba hydro plants. Okpai remains at 250 MW per the 19 Aug update; the underlying Okpai I plant (Oando-operated, 480 MW installed) also now backs a new 100 MW supply to KEDCO (see DisCo table). Tetracore's site confirmed as Ogun East LGA. Voltworx Electric Ltd is a newly added 23 MW embedded-generation IPP (Wuse, Abuja), confirmed to feed KEDCO's network — the draft PPA is unsigned and undated with most other commercial terms (tariff, delivery point, COD) still blank.

2. DisCo Engagements & Coverage

DisCo	Capacity	ToP	Coverage States / Notes	HQ / Supply Source Address	Coordinates
KEDCO (existing — Mabon-sourced)	40 MW	Not specified — no separate PPA reviewed for this line	Kano, Jigawa, Katsina	KEDCO Head Office, Post Office Road, Kano, Kano State	12.0001° N, 8.5167° E
KEDCO (Onction—Okpai I PPA) — additional capacity	100 MW	70 MW (defined "ToP Capacity" in PPA, Cl. 2.1.3)	Kano, Jigawa, Katsina — new formal PPA signed 20 Jul 2026 (Contract Capacity 100 MW, or as subsequently agreed); upstream source: Okpai I plant (Oando/NEPL JV), Delta State; Energy Tariff ₦77.00/kWh per Schedule	KEDCO Head Office, No 1 Niger Street/Post Office Road, Kano, Kano State	12.0001° N, 8.5167° E
Jos DisCo (JED)	18 MW	36 MW (full Contracted Capacity, 100% take-or-pay per Cl. 7.1.2/12.1.3) — reduced to ~18 MW per NERC directive	Plateau, Bauchi, Benue, Gombe — PPA Contracted Capacity defined as 36 MW; actual delivered reduced to ~18 MW (NERC/feeder constraints, per board deck)	9 Ahmadu Bello Way, Jos, Plateau State	9.8965° N, 8.8583° E
IBEDC	50 MW	Not specified for this 50 MW line; upstream Mainstream/MES L 85 MW supply is 100% take-or-pay (Cl. 12.1.3) — see GenCo table	Oyo, Osun, Ekiti, Kwara	Capital Building, 115 Moshood Abiola Way (Old Ring Rd.), Ibadan, Oyo State	7.3730° N, 3.9020° E
BEDC	30 MW	20 MW (per HOT, board deck)	Edo, Delta, Ondo & South-South	5 Akpakpava Road, Benin City, Edo State	6.3350° N, 5.6037° E
PHEDC	40 MW	Not yet specified — proposal/pre-PPA stage	Rivers, Bayelsa, Akwa Ibom	Garden City Industrial Head Office, Ordinance Junction, Port Harcourt, Rivers State	4.8080° N, 7.0230° E
Eko DisCo	50 MW	Not yet specified — pre-PPA discussions	Apapa, Victoria Island, Eti-Osa (Lagos)	24/25 Marina Street, Lagos Island, Lagos	6.4531° N, 3.3958° E

Added a ToP (Take-or-Pay) column: figures are pulled from each executed PPA where reviewed — KEDCO's new 100 MW line has a defined "ToP Capacity" of 70 MW (Cl. 2.1.3); JED Plc's PPA makes the full 36 MW Contracted Capacity take-or-pay (Cl. 7.1.2/12.1.3), though delivered volumes have since run lower (~18 MW) per NERC directive; BEDC's 20 MW ToP is from the board deck's HOT terms. Amber ToP cells mean no ToP figure has been confirmed for that specific line yet. KEDCO is shown individually across two lines: the existing 40 MW Mabon-sourced bilateral, and the new, separate 100 MW Contract Capacity under the signed Onction–KEDCO PPA (executed 20 Jul 2026), which draws on the Okpai I plant. DisCo coordinates are for corporate/head office locations, not full multi-state coverage areas.

3. Eligible Customers (Offtakers)

Eligible Customer	Capacity	Address / Location	Coordinates
GeePee	6 MW	Geepee Industries Ltd, Sango-Ota, Ogun State	6.6800° N, 3.2350° E
Shongai Tech	20 MW	Shongai Technologies Ltd, Km 38 Lagos–Abeokuta Rd, Sango-Otta, Ogun State	6.6800° N, 3.2500° E
CDK Industries	2.5 MW	CDK Industries factory (50-acre site), Sagamu, Ogun State	6.8480° N, 3.6438° E
Kaduna Hospital	5 MW	Kaduna State — specific facility name/address to confirm	TBC
FAAN	10 MW	Federal Airports Authority of Nigeria HQ, Murtala Muhammed Airport, Ikeja, Lagos	6.5774° N, 3.3212° E
OK Plastics (OK Plast)	6 MW	7A Ilasamaja Scheme, Isolo–Apapa Expressway, Isolo, Lagos	6.5310° N, 3.3260° E
Apple & Pears	3 MW	Apple and Pears Nigeria Ltd, Kajola area, Ogun State (address to confirm)	TBC
Agbara Estates (Landafrique)	20 MW (ToP 10 MW)	Agbara Industrial Estate (Landafrique), Lagos–Badagry Expressway, Agbara, Ogun State	6.4700° N, 3.0950° E
Quantum	2 MW	Quantum Packaging Nigeria Ltd, Km 7 Lusada–Igbesa Rd, Agbara, Ogun State (entity to reconfirm — multiple 'Quantum' cos. exist)	6.4600° N, 3.0700° E
Alaro City	2 MW	Alaro City, Lekki Free Zone, Lekki, Lagos	6.4500° N, 3.7700° E
Sangotedo Cluster (Mera Estates)	10 MW	Mera Estates, Sangotedo, Ajah, Lagos	6.4500° N, 3.6350° E
Medin (Medin Pharma)	1 MW	MED-IN Pharmaceuticals, Lagos–Ojoo Expressway, Sagamu 110113, Ogun State	6.8480° N, 3.6438° E (Sagamu, approx.)
Kasi Cloud Ltd (data centre)	4 MW	Kasi Data Center, Theme Park Site, Maiyegun Tourism Zone, Lekki Phase I, Lagos State (Buyer registered office: No. 4 Edward Hotonu Street, off UPDC Estate, Lekki Phase I, Lagos)	6.4272808° N, 3.5096954° E (precise — per PPA term sheet)
Omnik	6.5 MW	Omnik Ltd, Km 18 Ikorodu Road, Owode-Elede, Mile 12, Lagos	6.5850° N, 3.3980° E
Promasidor	2 MW	Promasidor Nigeria Ltd, Plot 3A & 3B Cowbell Way, Isolo Industrial Estate, Oshodi-Isolo, Lagos	6.5310° N, 3.3150° E
Sangotedo Industrial Cluster (general)	10 MW	Sangotedo, Ajah, Lagos	6.4500° N, 3.6350° E
LAISO	300 MW	Lagos State Independent System Operator — market entity, not a physical site (oversees Lagos electricity market)	N/A
Covenant University	10 MW	Covenant University, Km 10 Idiroko Road, Canaan Land, Ota, Ogun State	6.6725° N, 3.1587° E
Makaiza Farms	2 MW	Makaiza Farms Ltd, Ilesha, Osun State	7.6144° N, 4.7333° E (Ilesha, approx.)
MFM Camp	4 MW	MFM Prayer City, Km 12 Lagos–Ibadan Expressway, Ibafo/Magboro, Ogun State	6.6980° N, 3.3660° E
Kano Industrial Estate	40 MW	Sharada Industrial Estate, Kano, Kano State	11.9800° N, 8.4900° E

Eligible Customer	Capacity	Address / Location	Coordinates
Muhammed Buhari Industrial Park (Gombe)	20 MW	Muhammadu Buhari Industrial Park, Dadin Kowa, Yamaltu-Deba LGA, Gombe State (same locality as the Dadin Kowa Dam / Mabon GenCo)	10.3218° N, 11.4809° E (Dadin Kowa, approx.)

New addition: Muhammed Buhari Industrial Park (Gombe), 20 MW — sited at Dadin Kowa, Yamaltu-Deba LGA, the same locality as the Dadin Kowa Dam (Mabon GenCo). Kasi Cloud Ltd's address and coordinates have been corrected to the precise figures in the signed PPA term sheet (Contract Capacity: minimum 4 MW; Tariff: ₦80/kWh). Makaiza Farms corrected to Ilesha, Osun State (previously shown as Ogun State, per management confirmation). Medin's address confirmed as Lagos–Ojoo Expressway, Sagamu 110113, Ogun State (per management). Coordinates not sourced from an executed PPA remain locality-level approximations — not verified site GPS surveys.
